

Investing in Primary P.E - Our Vision

The government have invested funding for school sport and P.E worth £150 million a year for the next 2 years.

At Longshaw we are using our funding to:

- We have signed up to the Blackburn with Darwen SLA to be able to access a wide variety of inter-school sporting events.
- Specialist coaches are coming into school to deliver clubs. Staff are working alongside them to improve subject knowledge - training young leaders.
- Release time for members of staff to organise and co-ordinate intra-school competitions.
- Training for teachers and support staff on Inclusion in P.E.
- Professional development for staff through attending courses, visiting other schools to meet with P.E co-ordinators and share good practice.
- Provide extra swimming sessions for non-swimmers to ensure all children leave Longshaw able to swim 25 metres.
- Mapping an Orienteering course on the school grounds.
