

Art and Design

We aim to work closely with colleagues at Longshaw Community Infant School to ensure that our curriculum builds on the work undertaken during key stage one.

Key stage 1 Pupils should be taught:

- to use a range of materials creatively to design and make products
- to use drawing, painting and sculpture to develop and share their ideas, experiences and imagination
- to develop a wide range of art and design techniques in using colour, pattern, texture, line, shape, form and space
- about the work of a range of artists, craft makers and designers, describing the differences and similarities between different practices and disciplines, and making links to their own work.
